

Seminar of the Chair of Optimization and Control  
under prof. Denkowski & prof. Migórski  
winter semester 2015-2016  
Thursday, 10:15 - 11:45, room 1177

October 8, 2015

Piotr Kalita, Evolutionary systems and three-dimensional Navier-Stokes equations with nonmonotone friction.

October 15, 2015

Stanislaw Migorski, On a variational inequality.

October 22, 2015

Qichang Xiao, Weak solvability via bipotential method for contact models with nonmonotone boundary conditions.

October 29, 2015

Michał Jureczka, Examples of modeling using differential equations.

November 5, 2015

Magdalena Malczyk, Model Fitting.

November 12, 2015

There is no seminar on that day.

November 19, 2015

There is no seminar on that day.

November 26, 2015

There is no seminar on that day.

December 3, 2015

There is no seminar on that day.

December 10, 2015

There is no seminar on that day.

December 17, 2015

There is no seminar on that day.

January 7, 2016

Jakub Wiśniewski, Experimental Modeling.

January 14, 2016

Jakub Wiśniewski, Experimental Modeling.

January 21, 2015

Krzysztof Bartosz, Modelling and Analysis of a Contact Problem for a Spring-Damper-Rod System.
